Winnipeg No Match For Flyers in Fourth Playoff Contest

By STAN MOHR
Edmonton Sports Editor

Flyers trampled all over Winnipeg Roos by an 11-0 margin at the Arena Wednesday. When the contest (7) was officially in the archives and the victorious Edmontonians had streamed into their dressing rooms, the first question heard above the din was: "What happened between Ottawa and Hamilton?"

Lewis Verdict Next Monday

Knotty Problem For Atty-General

Right to Bargain in Mine
Dispute Still Not Settled

Question of who will vote for miners' bargaining agent in Edmonton district domestic coal mines may be referred to the Alberta Attorney-General's department for decision.

This was disclosed today by Clayton Adams, chairman of the provincial Board of Industrial Relations.

Mr. Adams said the board is about to make an inquiry into an application for certification as bargaining agent by a group of non-striking miners from the Star-Key mine.

Last week some 30 non-striking miners at the Star-Key mine, just north of the city, formed the Star-Key Mine Employees Welfare Association and made application to the board of industrial relations to become official bargaining agents with employers.

A recent judgment of the Alberta appeal court held that striking members of the United Mine Workers of America at the Star-Key mine had the right to vote for selection of a bargaining agent.

Mr. Adams said today that for pending investigation by the board of the application from new association, the attorney-general's department is required to make a new application may require several days, Mr. Adams said.

Investigation of the new application may require several days, Mr. Adams said.

COMMITTEE MEETS
A meeting of the Edmonton committee Trans-Canada Highway System Association, Yellowhead Pass route, will be held at civic block Friday, April 16 at 4:30 p.m.

CITY COUPLE IN CAR SMASH ARE INJURED
Mr. and Mrs. Andrew Plim of Edmonton and Calgary women are in hospital at Didsbury today suffering injuries received Wednesday night when their automobile collided with a truck on the Edmonton highway near Didsbury.

Hospital authorities described the condition of Mrs. J. Walker of Calgary, daughter of Mr. and Mrs. Plim, as "serious." She suffered a fractured skull.

Her parents are not believed to be in serious condition. Driver of the truck escaped with minor injuries.

COMMUNICABLE DISEASES AT LOW LEVEL IN MARCH
Acute communicable diseases during March remained at an unusually low level for that season of the year, Dr. G. M. Little, medical officer of health, reported to the city board of health.

Measles topped the list of cases reported, but only 62 such cases came to the attention of the health department during the month.

In March 300 cases of communicable diseases were reported compared with 442 in March 1947. Resident births in March this year totaled 367 compared with 327 in March 1947.

Resident deaths were 92 compared with 99 in March 1947, and resident deaths under one year of age were 12 against 11 in March last year.

March attendance at the immunization clinic was 1,723. Attendance at the child welfare clinic also remained high at 1,304.

PREPARE NEW QUARTERS
Quarters are being prepared for the immunization clinic in the new market building.

This change will be of great convenience to mothers who frequently attend both clinics with their children.

The chest X-ray survey being carried out by the Provincial Tuberculosis Association has reached the imposing total of 75,000 citizens filmed.

Inspection of films to date show some 1,416 abnormalities. Of these 47 were active tuberculosis; 32 inactive tuberculosis and 942 other conditions.

This is an important service, Dr. Little stated and many citizens already have good reason to be grateful for it. He expressed the hope that none will miss the opportunity to safeguard themselves.

Combine Operators Warned Demands In U.S. Lessening
Operators of combines who had hoped to aid in harvesting American crops were warned today not to make special arrangements for the cross-border trip.

R. M. Putnam, director of extension, said reports indicated there would be an even smaller number of border-crossing permits issued than have been expected at the first of the week.

Demand for combines is decreasing annually, it was pointed out. This year it is expected very few will be required.

Home and School Federations Plan Big Convention
"Education for World Peace" will be theme of seventeenth annual convention of the Alberta Federation of Home and School Associations in Edmonton.

The convention will be held in the Agricultural College, April 20-22.

Two forum discussions, "The Community Contributes to World Peace" and "The School Contributes to World Peace," will be held.

Major Alexander S. Christian, MC, will succeed Major J. K. Mahony in Edmonton as Command Cadet Officer of Western Command, in charge of training of cadets in Alberta and B.C.

New Cadet Officer Western Command
Major Alexander S. Christian, MC, has been named Command Cadet Officer for Western Command with headquarters in Edmonton.

Army Headquarters in Ottawa said today Major Christian will take over from Major J. K. Mahony, VC, in the near future.

Major Mahony will fill a post at army headquarters in Ottawa. Major Christian has been camp commander of Western Command Headquarters since successful completion of Canadian staff college in Kingston in 1947. Prior to that time he was on staff duties in Winnipeg.

JOINED FORT GARRY HORSE
The new cadet commanding officer joined the Fort Garry Horse at the beginning of World War II, and served with that unit overseas.

During the North African campaign, he was sent as an observer to a unit in the First British army. While fighting in Northwest Europe he was awarded the Military Cross for bravery while commanding the squadron of the Winnipeg unit.

He was born in Durham, England, and educated at St. James college, St. James, Manitoba.

In his new position he will be responsible for training and administration of cadets in Alberta and B.C.

BOULE YOUR MONEY SAGE

LIBBY'S PREPARED MUSTARD

BOY FELL FROM TRAM, COULDN'T TELL HIS NAME

Nine-year-old Harold Wilson, 12133 80 street, suffered head injuries about 8:35 a.m. today when he fell from the rear door of a moving street car.

The boy is reported to have attempted to leave the car while it was still in motion.

A police officer found the boy lying on 97 street near 105A avenue and rushed him to the Royal Alexandra hospital.

At first the boy was unable to tell his name. He knew that he went to Queen's Avenue school and told police the name of his teacher.

The teacher visited the hospital and identified the boy's parents.

About 280 employees and friends are expected to attend the affair along with company officials who are in the city for a business conference.

Among the company officials expected to be present are B. P. Sjoerdsma, international vice-president of Oakland, California, Robert McLean, divisional president from Vancouver, and E. Belliveau, division manager. Northern Alberta manager is H. W. J. Maddison.

Retiring Firemen To Be Honored Friday
Three retiring members of local Union No. 10, Firemen and Engine men, will be honored at a banquet and dance Friday.

They are Gust Karlson, 1940 103 street; Harry Borgart, 1234 128 avenue; and Frank Kampe.

The function will be held in the Masonic Temple.

League Used By Left Wing
Dominion cabinet refusal to hear protests and submissions from the Housewives' League of Canada was approved today in a statement from the Edmonton Chamber of Commerce.

United Housewives of Alberta, affiliated with the League, is headed by women, or women with husbands who are known to be at the extreme left of political thought, the statement said.

The Chamber of Commerce claims that the same situation exists in affiliates of the League in other provinces.

They were concerned in a statement made by the Vancouver Board of Trade that the League is using its price-lowering campaign to stir up class hatred and discontent.

The League, the statement alleged, is using the concern of housewives over rising living costs to bring them into extremely left-wing political organizations.

The first situation of this kind is extremely grave, Mr. Wilson said, but would have been even more serious had the road been removed in effect.

Clearing House
Two-million dollar increase is shown in clearing house figures for the past week, as compared to figures for the same week one year ago. The past week was \$15,612,001 and for the corresponding week a year ago \$13,007,044.

Road Bans Removed For Forage Haulage

Restrictions on highway loads which were effective at seven o'clock this morning have been eased to permit the hauling of cattle feed.

Farmers who have located feed for their livestock will be permitted to make application to the officers of the Highway Traffic Board in Edmonton for a special permit to make use of the roads.

At first the board was unable to tell the name. He knew that he went to Queen's Avenue school and told police the name of his teacher.

The teacher visited the hospital and identified the boy's parents.

About 280 employees and friends are expected to attend the affair along with company officials who are in the city for a business conference.

Among the company officials expected to be present are B. P. Sjoerdsma, international vice-president of Oakland, California, Robert McLean, divisional president from Vancouver, and E. Belliveau, division manager. Northern Alberta manager is H. W. J. Maddison.

Psychology of religion is the our way to end class in the world today.

Rev. A. M. Tremblai made a statement while addressing a Sunday course in everyday psychology at the YMCA Tuesday.

The people of Canada do not want any of the "isms," he said, but will not turn to an adequate philosophy to take their place.

The only adequate one, he said, is that of Christianity.

Protection from disrupting forces in man can only be gained by a faith in something greater than man himself, declared Rev. Tremblai.

Our world is cluttered by having scientific and civilization on one hand with chaos and confusion on the other, he said.

Methods of correction for the trouble of the world will be found in the Bible, he declared.

BE CULTURE Is Explained
An explanation of establishing bees in the hives in Spring was given by Jack Myler at the regular monthly meeting of the Edmonton and District Beekeepers' Association in No. 2 fire hall Wednesday.

Mr. Myler also dealt with the best methods of caring for bees in the unusual weather experienced here this spring.

He said hives should be warmed and care taken to make certain the bees are not chilled.

The speaker also gave a demonstration on moving bees from the package into the hive.

He said there should be no difficulty in this if ordinary precautions are taken.

The meeting discussed the possibility of aiding Calgary beekeepers in making a film on beekeeping in Alberta.

COMPLETION OF THE QUARTER MILLION dollar Scona Bowling and Billiard Academy marks another progressive step for Edmonton's South Side, and fills

a long-felt need in the community. The new building contains the latest in bowling, billiard and restaurant equipment designed to give the best in every line.

—Photo by Hans

Quarter Million Spent Here For South Side Bollodrome

South Edmonton's new \$250,000 recreational and sport centre — Scona Bowling and Billiard Academy — situated at 10544 Whyte avenue, will officially open for play Friday evening at 8 o'clock.

Mayor Harry D. Ainlay will officiate at the opening ceremonies by tossing the first ball down the alleys.

Others who will take part in the "launching" will be president Norman McCutcheon, general manager A. G. "Art" Zeigler, secretary-treasurer Roy Norum, director Norman Taylor and alley manager, Bernard "Barney" O'Connor.

After the brief inauguration, the public will be invited to test their bowling skill on the alleys of western Canada's most modern and newest bollodrome.

The new sport centre, which will fill a long needed gap in South Edmonton's recreational activities, features 32 of the most modern equipped alleys in Canada; a six table billiard parlor and an up-to-date coffee bar.

Everything about the two-storey building, which covers three city lots along Whyte avenue, is the latest in modern design and equipment.

The first floor of the building contains 16 alleys for five-pin play; a ladies' lounge, check room, wash rooms, general office and coffee bar.

The second storey also boasts of 16 alleys, men's and women's wash rooms, a check room, the billiard parlor and spacious seating accommodation for players and public who wish to see the bowlers perform.

Shoes And Checking Are Features Of New Bowling Centre

Bowlers who participate in league or general play on the Scona Bowling alleys will be outfitted with bowling sandals.

These bowling shoes will be furnished by the owners of the new sports centre.

"Not only do the shoes save the wear and tear on the alley runways, but enable bowlers to perform better," said alley manager Barney O'Connor.

O'Connor said the shoes will be available at the check room on the first and second floors of the building.

"Checkroom facilities offer the latest in clothes parking," said O'Connor, "and we hope to give our customers the best service possible here."

O'Connor said the checkrooms in the new building will be operated by Ron Craig.

St. Mary's Ship Canal Now Open

SAULT STE. MARIE, Ont. April 15.—(CP)—Canal officials announced Wednesday night that the ship canal on the Canadian side of St. Mary's Rapids was open for navigation at 8 a.m. today. Locks on the American side have been open for traffic for the past two weeks.

decided to use it here, he said proudly.

Truly the Scona Bowling and Billiard Academy lacks nothing. The owners have gone the limit to make it the best possible, and South Edmonton bowlers and sport enthusiasts should find many hours of recreational entertainment at this modern bollodrome.

MONTREAL MAN CLAIMS SCONA AMONG BEST

South Edmonton's new sport and recreational centre—Scona Bowling and Billiard Academy — is one of the best in Canada," according to John Eadie, of Toronto.

Eadie should know whereof he speaks for he has been building bowling alleys in Canada and United States for the past 20 years.

For the past five months Eadie, alley craftsman for Burroughs Watts Bowling Alley Equipment Company of Montreal, has been employed setting up the alleys at the Scona.

"I've built quite a few alleys in my time and this rates with the best," said Eadie.

"I definitely feel it is the best in western Canada and might even go as far as to say it's one of the best in Canada."

W. COMRIE Building Superintendent, Director

Seeds of the sacred lotus germinated after having been kept dry for 100 years.

Ladies Considered In Layout Of New Recreation Academy

A spacious ladies lounge on the main floor will be one of the additional features at the new Scona Bowling and Billiard Academy.

Norman Taylor, one of the directors, said the lounge will be enhanced with ultra-modern chrome chandeliers, easy chairs and all up-to-date sitting room facilities. The lounge will serve as a waiting room for eager women bowlers.

who arrive at the alleys prior to scheduled play.

"We feel that this woman's sitting room will enable the ladies to rest, probably have a smoke, while waiting for team members or other friends, with whom they propose bowling," said Taylor.

Adam's Peak, the highest point in Ceylon, is so called because the Mohammedans thought it was here that Adam made his penance after his expulsion from the Garden of Eden.

New Alley Manager Is Popular Local Athlete

A popular young athlete, Barney O'Connor, 27, is bowling alley manager of Edmonton's new sports palace.

Barney, only son of Mr. and Mrs. Morgan O'Connor, veteran employee of the Provincial News, was born and educated in Edmonton.

He gained his scholastic standing at Sacred Heart and St. Joe's high schools.

Always keenly interested in sport, Barney followed the ring game, and prior to the war, gained for himself a reputation in local ring warfare.

At the outbreak of hostilities, Barney joined the Royal Canadian Naval Reserve and after a short spell at HMCS Nonsuch, he was sent to HMCS Nautilus at Esquimaux for advanced naval training.

He later trained for HMCS Cornwallis, Canada's largest naval training base, at Deep Brook, N.S., where he rapidly advanced to the rank of Petty Officer Instructor in the Physical and Recreational Training branch.

Barney was responsible for the training of new recruits, putting them through physical tests and jerks. He also took charge of a number of youthful naval ring aspirants and guided the "lads" to a series of ring triumphs in inter-service "tournaments."

On discharge in November 1943, Barney returned to Edmonton where he became associated with the Recreation Bowling Alley. He was employed there for two years, from Toronto.

Bowlers Room Feature Of New Recreation Hall

A club room, where bowlers can hold league meetings and general gatherings will be another feature at the new Scona Bowling and Billiard Academy.

The room, situated in the basement of the building, will be decorated with all the facilities according to the owners.

It will not, however, be ready for the official opening.

"We are just completing it and it will be several days before it will be available to the public," said Norman Taylor, one of the directors.

NORMAN TAYLOR

HERE'S THE REASON CAFE TURKEY TOUGH

OTTAWA, April 15.—(CP)—Did you ever wonder why turkey in a restaurant is often a lot tougher than your Christmas bird. The prices committee found out yesterday.

Jules Lambert, a Montreal commission agent, explained he sold turkeys to a Montreal firm of grocerias but never C grade birds.

"You can't sell old turkeys to retailers," Mr. Lambert said. "They're bought by restaurants and eating places."

A startled member of the committee asked: "Does the parliamentary restaurant buy old turkeys?"

"Well," said Mr. Lambert, "probably."

Took Year to Build, but New Bowling Centre Worth It

It took one year to the day to complete South Edmonton's new sport centre—Scena Bowling and Billiard Academy.

The \$225,000 recreational palace, a venture of nine Edmonton businessmen—was made ready to league play 365 days after the first soil was turned.

Norman McCutcheon, president of the organization and prominent city businessman and real estate agent said the builders commenced excavating on April 15, 1947.

"Building supplies and other materials, held us up considerably," he said, "but we're ready to go now with the best building of its kind in western Canada. We've got the latest of everything and with these modern facilities Edmonton bowlers should enjoy play on the alleys. Our billiard room, too, offers the most up-to-date equipment," he added.

It took a quarter of a million dollar investment to make the dream come true but all nine men consider their "venture" worthwhile.

"South Edmonton has been sadly lacking in entertainment for some time," said Roy Norem, one of the "originators."

"No a few of us got together, discussed the situation, then called in a few more friends, formed a company, and this is the result."

Norem said that he, William Courie and Norman McCutcheon, both prominent South Edmonton residents and local businessmen, owned the three lots on Whyte avenue on which the new bowling alley is situated.

"We felt the site of our lots was suitable for a theatre, a dance hall, arena or some recreational enterprise and after some discussion settled by selecting a bowling alley, said Norem.

Police Study Action Against Picketers

HULL, Que., April 15.—(AP)—Police said last night they were studying action to be taken against picketers at the steelbound Woods Manufacturing Company here, who stoned a fleet of automobiles trying to pass through their lines. Five persons were injured. The fracas occurred early yesterday when workers sought to gain entrance to the plant.

U.S. Official Succeeds Britisher

WASHINGTON, April 15.—(AP)—Norris E. Dodd, undersecretary of agriculture, Wednesday was elected director-general of the United Nations Food and Agriculture organization.

He succeeds Sir John Boyd Orr, British nutritional authority who has been director-general since the 37-power organization was set up at Quebec in 1945.

Indictment No Bar For Guest Speakers

NEW YORK, April 15.—(AP)—Columbia University has abolished a rule prohibiting persons under indictment from appearing as guest speakers on the campus. The action was recommended by a committee after students protested the administration's refusal to allow Author Howard Fast to address a student meeting.

Parking Meters Found Profitable

FORT WILLIAM, April 15.—(CP)—Parking meters have proved a money-making concern for this lakeside city. Officials said Wednesday that since installation of the meters on main thoroughfares March 21, 1947, they elicited income totalling \$10,979.00.

Striking Students Ignore Threats

KEYSER, W. Va., April 15.—(AP)—Striking students at Potomac state school stuck to their picket lines yesterday despite a threat that war veterans among them may lose their tuition and living allowances.

Coffee Bowl Scores Strike

One of the outstanding features at Edmonton's newest sport and recreational centre—the Scena Bowling and Billiard palace—is the modern and up-to-date coffee bar.

Known as "The Coffee Bowl" this new eating house is the last word in restaurant perfection.

Attractively designed in a varied color scheme of red, grey, cream and white with red leather chrome stools, and grey-cream masonry counter, it offers most pleasant surroundings for lunch counter devotees.

Manageress of "The Coffee Bowl" is Florence Janoye, well-known in local eating circles. With its modern equipment and free bowl" promises to be a popular rendezvous.

new alleys are the finest in western Canada, and the management plans operating the coffee shop on a par with the best in town.

FAMOUS GRIDIRON STAR

Art Ziegler Is Boss Of New Bowling Hall

Prominent athlete and general all-around fellow, that's A. G. "Art" Ziegler, 10728 101 street, who is general manager of the Scona Bowling and Billiard Academy.

Art, or "Zieggy" as he is known to most of his friends, came to Edmonton from Calgary eight years ago.

He was born and raised in the foothills city and it was there that he gained prominence as an athlete.

Tipping the scales around the 150 pound mark and slightly over six feet in height, "Zieggy" played end for several of Calgary's better rugby clubs.

He was with the Calgary Tigers in 1930 when they were nosed out in the western Canada finals by Regina Rough Riders.

He also played with the 50th Battalion football club which was asked out by Winnipeg in the playoffs and played several seasons with Calgary's better known Altonah Rugby club.

"Zieggy" also took an active part in several other sports but it was on the gridiron that he gained his prominence.

ART ZIEGLER
Manager

A salesman with a southern of office equipment company, he was transferred to Edmonton in 1940 as a local representative and district salesman.

His amiable manner and

pleasing personality won him a lot of friends in the city and northern Alberta and he shortly became one of his firm's leading salesmen.

This year he was elected president of the Associated Canadian Travelers Association after having been vice-president the year previous.

He took an active part in the

organization of the northern Alberta Crippled Children's fund, of which he is chairman. Through his capable guidance close to \$10,000 has been achieved through the medium of amateur shows in various northern Alberta towns. The undertaking is jointly sponsored by the ACT and radio station CFBN.

He has been placed in complete charge of the new sports place which is acclaimed as the finest of its kind in western Canada, if not in Canada.

Brigadier W. S. Ziegler, prominent Edmonton military man, now with the British Occupational Forces in Europe, is a brother.

"Zieggy" is married. He and wife Dorothy have one daughter, Mrs. Rose McElin and one grandchild, Leslie Elizabeth.

Lefty Bruner Billiard Head

Larry "Lefty" Bruner, 44 of 10044 100 street, a veteran of two world wars, is manager of the billiard parlor of the new Scona Bowling and Billiard recreation centre at 10544 Whyte avenue.

"Lefty," who joined the navy in the First World War and the army in the recent conflict, has been in Edmonton, aside from his war service, for the past 35 years.

He boasts of some 20 years experience in his present employment and until recently was employed by the Recreation Bowling Academy.

He is said to be one of the best billiard men in western Canada and he took an active part in building the six tables at the new south side sports centre.

He has a son and a daughter, both of Edmonton.

His wife died several months ago.

Prior to the war, "Lefty" was employed by a local baking concern for a period of 10 years.

83 ARE REPORTED DROWNED AT SEA

SEOUL, Korea, April 15.—(AP)—Korean police today received a report that 78 women and five men drowned April 9 off Korea's west coast when a gale capsized a wooden fishing boat.

Junior UN For Western Europe

Nations Prepare to Implement Economic Reconstruction Effort

By Joseph E. Dwyer

PARIS, April 15.—(AP)—Delegates from Europe's Marshall plan countries yesterday completed the formal draft of a charter for a junior United Nations of Western Europe to implement their economic reconstruction effort.

The charter establishes a bi-partisan organization for economic co-operation and will be submitted today to a meeting of foreign ministers' deputies.

The charter was written by the 18-member working committee named by the foreign ministers last month. It will be officially released for publication after it has been approved by the deputies.

PATTERNER AFTER UN
A preview of the charter, however, discloses that the organization is patterned in many details after the United Nations. It will comprise an executive committee of seven members elected for annual terms, a council of ministers representing all participating states, and a permanent secretariat, whose head, the secretary-general, will be the key administrative officer.

The secretary-general and two chief assistants will be chosen directly by the council and be responsible to it for carrying out decisions and policies of the council and executive committee.

Agreement on a secretary-general, or at least his nationality, was rejected yesterday to be the last main problem facing the delegates from the 12 Marshall plan countries and the military governments of Western Germany. This may be reached at the meeting of deputies today.

BEVIN CANDIDATE
Foreign Secretary Bevin of

UN IS BLAMED FOR DALLANCE IN HOLY LAND

LONDON, April 15.—(Reuters)—The United Nations hope that if they "daily" long enough over Palestine, Britain will relieve them of the responsibility.

Dr. Geoffrey Fisher, Archbishop of Canterbury, said yesterday.

"The United Nations has shown itself extremely dilatory and ineffective in the whole of the dealings with the problem of Palestine," he told the British Council of Churches. "They do not want the responsibility."

The UN should appoint once a governor-general who should be responsible for the peace and safety of Jerusalem.

Britain was believed to be among the candidates for the important post.

Betty Hutton Has Second Daughter

HOLLYWOOD, April 15.—(AP)—Betty Hutton's second daughter arrived yesterday.

The madcap comedienne, wife of Chicago musician Ted Brikkin, gave birth to a seven-pound baby. Both mother and daughter are doing nicely.

Stalin Pressure Claimed In Coup

MILAN, Italy, April 15.—(AP)—Vilim Bruma, secretary-general of the Czechoslovak Social Democratic party in exile, said yesterday the Czech Communist coup followed pressure exerted personally by Joseph Stalin for rejection of the European Recovery Program.

PEDESTRIANS in Ravenna, Ohio, were a bit startled when confronted by a pair of winged angels garbed in white gowns—and bobby-sox. The "angels" warned against ignoring traffic lights and distributed pamphlets telling how many fatal accidents are caused by jay-walking. The heavenly helpers pictured above are Carole Ann Fresse, left, and Bridget Romano.

Consumer Assn. Denies Link With RBP Group

OTTAWA, April 15.—(CP)—The Canadian Association of Consumers said Wednesday it has no connection with any "roll-back-the-prices" group.

A 900-word CAC statement was released about the time Finance Minister Abbott told Commons another organization—the Housewives Consumers League—linked to "promote Communist propaganda."

The finance minister said the government has refused to see an anti-price delegation because it does not feel justified in "facilitating Communist propaganda."

CONNECTION DENIED
Wednesday's statement said the CAC has no connection with "local designation 'Canadian' in their name."

At the C.A.C. organization

meeting last September there had been two representatives of a provisional national committee of the "Housewives Consumers League."

Mrs. Ann Ross of Winnipeg, "an avowed member of the Labor-Progressive party."

"But when the CAC inaugurated its membership campaign last fall, Mrs. Ross notified the CAC that her association would not support the CAC members' campaign, and all connection between the Canadian Association of Consumers and the 'Housewives Consumers League'... was cut off."

When an iceberg floats into warmer water it melts, and often overturns.

War Widows Press Claims

OTTAWA, April 15.—(CP)—A small, but persistent group of women appear today at a special meeting of the veterans affairs committee to plead the case of the destitute widows of Canada's First World War veterans.

More money and free medical and hospital care is the basis of the brief which the 10 women delegation from the Canadian Non-Pensioned Veterans Widows Association will present to the committee.

Speaking for 4,000 non-pensioned widows, a delegation from the association has trekked since 1938 to the capital annually to get the government to loosen its purse-strings.

Although parliament now has under consideration a bill which will mean a \$10-a-month supplementary grant in the widows' allowance under the War Veterans' Allowance Act, the delegation feels the proposed arrangements for the increase are not satisfactory.

"The government is going with one hand and taking away with the other," said Mrs. Margaret Wainford of Verdun, Que., president of the association.

The grant would be over and above the \$30.41 allowance now received. Mrs. Wainford said the delegation will urge the allowance be raised to \$40 a month, plus cost-of-living bonus.

CALGARY COURT PROTECTS HUBBY

CALGARY, April 15.—(CP)—For the first time in the history of Calgary's police court, a husband has been given protection against his wife.

The court granted Mrs. Alice Machy of assaulting her hubby and placed her on a 90-day bond to keep the peace for one year.

He decided against imposing a fine "because your husband would probably have to pay it."

B.C. Industry Asks Government For Communist Ban

VICTORIA, April 15.—(CP)—Representatives of British Columbia industry Wednesday asked the provincial government for a ban against Communists in its labor laws.

The 14-man delegation, headed by T. G. Norris of Vancouver, urged a counterblast to the Tarrington Anti-Communist affidavit clause in the United States.

"We believe that law-abiding elements in organized labor would accept a requirement that collecting bargaining agents should stand for the upholding of the law of the land," said Mr. Norris.

Sabotage Suggested In Loss Of Plane

LONDON, April 15.—(Reuters)—Air Vice-Marshal D. T. Best, former chief executive of the British South American Airways, suggested yesterday that the loss of the Tudor IV air liner Star Tiger on a flight from the Azores to Bermuda last January was likely caused by sabotage. He was testifying before a court of inquiry investigating the loss of the aircraft with 28 passengers and a crew of five aboard.

Food Shipments To Britain Continue

OTTAWA, April 15.—(CP)—Agriculture Minister Gardiner said Wednesday food shipments will continue to go forward to Britain despite the fact this is the expiry date of current financing arrangements.

"We're not worried about getting the money," he said. "They've told us they'll pay for the food and we take their word for it. We don't demand cash for our shipments every day and nor do we make shipments every day."

Add Zing To Spring With Dish Gardens

Add zing to spring this year by making attractive dish gardens for your home.

Brighten the corners of your kitchen, where you work most, given the luncheon table, perk up a window-sill.

Because they require no drainage, dish gardens can be placed anywhere, in deep plates or shallow bowls of glass, porcelain, pottery or pottery. They harmonize with your furniture and add to the charm of your room.

The few handfuls of soil used to grow evergreen forests of seedling juniper, cedar, pine and spruce, for instance, need a soil composed chiefly of leaf mold and sand.

Desert scenes using cacti from seed and tiny succulents require garden loam and much sand with a bit of lime added.

Give dish gardens only enough light and water to keep them healthy. As soon as there is much new growth, the garden gets out of proportion and has to be replanted.

There are so many interesting ways to make your dish gardens attractive and fragrant. Our Reader Service booklet No. 29 gives details on setting up miniature gardens and terrariums. Also, care and watering of other plants and flowers.

Send 30 cents (incl. for "Success With Houseplants and Flowers" to the Edmonton Bulletin, Reader Service, 60 Front St. W., Toronto. Print your name, address, booklet title and No. 29.

Friday Store Hours: 9:30 a.m. to 5:30 p.m. Dial 914

SQUADRON LEADER R. A. KIPP, DSO, DFC, a noted member of the famous City of Edmonton squadron during the war, has arrived in Edmonton to become executive assistant to Air Vice-Marshal K. M. Guthrie, air officer commanding NWAC. Squadron Leader Kipp says one of the greatest comforts during his stay with 418 squadron was the food and clothing parcels sent by the Edmonton people.

Famed Bomber Pilot Here As Assistant Air Officer

Flying Mosquito bombers deep into enemy territory, destroying German aircraft and aiding bomber squadrons during the war.

Briefly that is the operational story of Squadron Leader R. A. Kipp, DSO, DFC, and his flying mates of the famous 418 City of Edmonton squadron.

Squadron Leader Kipp recently arrived at North West Air Base, Edmonton, to take over his new duties as executive assistant to Air Vice-Marshal K. M. Guthrie, air officer commanding NWAC.

Kipp was stationed at 32 group headquarters, Vancouver, after instructing at No. 11 Service Flying Training School, Yorkton, Saskatchewan for two years. Squadron Leader Kipp went overseas in September, 1942.

Following the completion of his operational training at High Front, Bletchley, he was posted to the 418 squadron. During his tour with the squadron, his score was 33 aircraft destroyed in the air and several destroyed on the ground.

The City of Edmonton Squadron was the first squadron to go into the beachhead area of Normandy, prior to the invasion.

Squadron Leader Kipp served as a liaison officer with the United States Air Force in France during his stay overseas, and was later the commanding officer of a Royal Air Force fighter experimental unit.

The new executive assistant said that one of the greatest morale builders of 418 squadron was the \$10,000 worth of food and clothing sent from the city of Edmonton.

The food parcels were exceptionally welcome and Kipp says he still wears some of the socks he received while a member of the squadron.

Supervised Play Plans Discussed

Plans for supervised recreation in the King Edward Park district were discussed by Miss Patricia McKee at a meeting of the King Edward Park Home and School Association held Wednesday.

She said the Recreation Commission planned construction of a community centre in the district as soon as possible in the spring.

The Commission also added would provide supervised recreation for pre-school ages up to 10 years, and asked for the cooperation of residents in this work.

Miss McKee was the supervisor of the playground.

She lauded the work of the King Edward Park Community League.

D-M SERVICE ONE CALL FOR ALL

A complete organization skilled in the servicing of Ford and Monarch Cars, Trucks and Tractors. Its Ford product service through-out, Ford genuine parts—Ford equipment—Ford trained mechanics—and one call does it all. It's back home for the best Ford Service.

Archbishop O'Neill with his staff and family in the cathedral.

Archbishop Recalls Army Wife's Lessons

Prominent Citizens Attend Big Banquet

Lessons of tolerance and charity learned in the army should be carried into civilian life with a view to ensuring the safety of Christian civilization.

That was the message conveyed by Archbishop M. C. O'Neill at a complimentary banquet Wednesday celebrating his 50th birthday.

The banquet was given by the parishioners of St. Joseph's cathedral and was attended by 500 of the clergy, the laity and local military forces.

Canada as a rich tapestry, said the Archbishop, is made up of many different nationalities and each group of people added a patch of color.

He thought the "unity in diversity" of this great country would yield a design of beauty and lasting brilliance.

Warning against the encroachments of Communism was voiced by J. J. C. Collins, KC, when he proposed the toast to the church.

He said the growth of the shadow of Communism "was hastened by weakening of belief in things of the church and in family influence."

Archbishop John Hugh Macdonald of Edmonton, speaking to the toast pointed out it was not enough to deplore the advance of "forces which do nothing to create a group of Christian labor engaged in honest and useful work."

He said he had been successful in stamping out subversive influences.

Archbishop O'Neill brought the new Archbishop to Lieutenant Governor J. C. Bowen, who referred to the Archbishop as a "warrior citizen."

Rev. E. J. Bailey, Army Chaplain, takes ministry to the troops.

City Man Goes On Trial Here

Robert J. Cork, Edmonton, went on trial in supreme court Wednesday before Mr. Justice H. W. O'Connor on a charge of breaking and entering.

It is alleged he broke into Mike P. Elkow's store at Musidora on October 1, 1947.

Elkow, through an interpreter, testified to finding his store had been entered and the safe taken.

It was later discovered by RCMP officers in a field several miles away that the safe was empty.

Approximately \$1,000 was missing from the safe, but the thief has been traced to a safe in a store in Victoria.

Of the cash taken from the safe, \$400 was the property of the Crown Grain Company, and \$600 the property of Pioneer Elevator Co. Also taken was \$12 in cash in the safe, and a gold coin.

The money and bonds left in the safe were owned by Elkow.

Veteran Policeman Marks Anniversary

Thursday will be a banner day for Sergeant James Taylor Newell, of the Edmonton Police Force.

On that day he will celebrate 35 years of service.

Joining him, as he is known to most Edmontonians, joined the force on April 15, 1913.

He resigned to go on active service in 1918, and after his war service was reinstated on April 2, 1919.

For 11 years, from 1920 to 1938 he was resident policeman at Calder.

During this time he became an "ideal" of the people in that community and was known as "Calder's one-man police force."

He gained a reputation of being able to "weed out" and track down all "culprits" in the district and veteran residents of the community claim they experienced no serious trouble when "Jimmy" was on the job.

Following the death of Mrs. Newell in 1938 Jimmy's term as resident constable at Calder terminated and he resumed a position as police headquarter.

He was elevated to Desk Sergeant, September 22, 1939.

The Newells had no children. Jimmy says he "was born in northern Ireland on March 1889 and first joined the police force in Edmonton at the age of 17."

Fellow officers and his many friends are extending congratulations and showing best wishes on the veteran policeman.

At about 10 a.m. and senior executives of the Edmonton police will be in attendance at the conference in the Macdonald hotel.

Mr. Bole, sales manager, will preside.

An invitation has been received by the Edmonton Chamber of Commerce plans a good will tour to the Peace River district this summer.

Decision to make the trip was made at the weekly meeting of the Chamber's council Wednesday.

Plans for the trip are to be worked out, and the itinerary will include all important centres in the Peace country.

Consideration also is being given to a visit to the Yukon this summer.

Army Chaplain Takes Ministry

A former padre of two Edmonton units overseas starts his ministry at First Baptist Church on Sunday.

Rev. Edgar J. Bailey, R.D. 3A, went overseas to the fourth Cavalry Clearing Station in 1940 and after 2 years with that Edmonton unit transferred to the Royal Canadian Mounted Corps.

It was with the latter regiment for the invasion of Sicily and Italy and went through battles at Ortona and Cassino.

He was with the Royal Edmonton units when they were transferred to Northwest Europe.

Since he was released from the army he has taken a two year post graduate course in theology at Yale University. While attending Yale he was minister at Mount Pleasant Baptist Church, New Haven, Connecticut.

Mr. Bailey was born in Brandon. He took an Arts course at Waterloo College before studying theology at McMaster University in Hamilton, Ontario. His father, Henry Bailey, was a minister at Mount Pleasant Baptist Church, New Haven, Connecticut.

SWARMING OVER a Jewish armored car after it had been ambushed by Arabs, villagers take complete possession of the vehicle and the bodies inside as members of the Army of the Arab Legion try to prevent looting. Fourteen Jews were killed in the attack which occurred three miles outside of Jerusalem.

Dead Leader Threatens Peace Hope In Colombia

BOGOTA, April 15.—(AP)—A dead man threatened political peace today in a riot-wracked Colombia.

He was Jorge Eliecer Gaitan, assassinated leader of the Liberal opposition to Conservative President Mariano Ospina Perez.

His widow and yesterday—the day set for his state funeral—she could not let him be buried until the president resigned. The funeral was postponed.

Gaitan's last shooting last Friday touched off a Colombian rebellion that ravaged this capital and interrupted the Pan-American conference here.

That meeting resumed yesterday and swiftly split over a name for a Pan-American regional organization, with the United States on the losing side. It chose "Organization of American States."

In the Bogota rioting, officials have estimated that 300 were killed and 1,000 hurt, but many persons believe other dead lie in the ruins of looted and burned buildings.

Over the government radio last night, Finance Minister Jose Maria Bernal announced that the United States Export-Import Bank has offered, and Colombia will accept, a \$100,000 reconstruction loan.

A plane arrived yesterday with \$3,000 worth of American Red Cross medical supplies.

Mrs. Gaitan made her statement to correspondents, United States army officers and Uruguayan diplomats she told the Uruguayan "the people do not want" her husband burned with Ospina Perez and his office.

The president has set up a Liberal-Conservative cabinet and claims to have put down what he and others call "a Communist insurrection." But many fear a public funeral for Gaitan may undo the party truce.

Bogota still is uneasy. Snipers exchanged fire with soldiers and sailors on patrol in tanks, trucks and automobiles.

B-29's Complete Historic Flight

Superfortresses Hop to Munich On 'Official Training' Operation

MUNICH, April 15.—(BUP)—Twenty-seven American B-29 Superfortress bombers roared into Furtwenglerdruck air base near here today, completing one of the greatest mass trans-Atlantic flights in history.

Two other planes of the 30 which left Smoky Hill air base in Kansas Monday still were to arrive, Group Commander Lt. Col. Thomas Clasen, of Stevens Point, Wis., said.

One of the 30 which left Smoky Hill air base was damaged at Goose Bay en route, and probably will not continue to Europe.

Two others, Clasen said, "took more northerly route over the ocean than we did, just to see what was up there."

The flight from Goose Bay to Munich took 16 hours, Clasen said. An airforce spokesman described that as "good time."

The planes carried full crews of 10 men each. An air force spokesman said they were fully equipped except for bombs. They carried a full complement of machine guns and small caliber cannon.

Crewmen said the flight over the ocean was without incident. The planes overflew over Brest and flew on here in formation. Low clouds over Paris cancelled a planned formation flight over the French capital.

OFFICIAL TRAINING The flight was described as an "official training" operation, and it was indicated the planes would remain in Europe about three months, being sent back as other groups arrive.

The unicorn, a fabulous horned animal with one horn protruding from the forehead, was described by ancient Greek and Latin writers.

STALIN AFTER BOOTLEGGERS

MOSCOW, April 15.—(AP)—The Russian government cracked down yesterday on bootlegging.

The Russian word for bootlegging is "smuggling."

The president of the Supreme Soviet published a decree authorizing sentences of one to two years for making bootleg liquor for home use and up to seven years for possessing or making it for sale. The decree provides for confiscation of liquor and stills.

Tribute Is Paid To Ross Munro

TORONTO, April 15.—(CP)—Members of the Canadian Press yesterday paid formal tribute to Ross Munro, former war correspondent, on his resignation from the national news co-operative to join the Southern newspaper group.

Without doubt, Ross Munro is one of the greatest war correspondents to have emerged from this country on any other," said Frederick I. Keer of Hamilton, CP president, in introducing Munro at the members' annual luncheon.

Cost Of Probe OTTAWA, April 15.—(CP)—The board of Transport Commissioners recently-ordered freight-rate inquiry cost the Dominion \$20,034, Transport Minister Chevrier informed Commons Wednesday.

He hoped Transport Minister Chevrier would expand on his statement that the board will carry out an investigation with a view to eliminating inequalities in rates across the country.

Mr. Chevrier said he doubted whether the board had the power to take into the question of inequalities in a broad way.

He lauded the government for ordering an inquiry into freight rate inequalities. The board could not have dealt with this in a recent decision because it did not come within the terms of reference.

Efforts To End Strike Bog Down

VANCOUVER, April 14.—(CP)—Efforts of the Marine Union Advisory Committee here to end the six-week-old strike of radio, dock, and engineer officers on the west coast have bogged down, William White, committee chairman, announced last night.

The union, a fabulous horned animal with one horn protruding from the forehead, was described by ancient Greek and Latin writers.

Mr. White said he doubted whether the board had the power to take into the question of inequalities in a broad way.

He lauded the government for ordering an inquiry into freight rate inequalities. The board could not have dealt with this in a recent decision because it did not come within the terms of reference.

CHEVROLET ADVANCE-DESIGN TRUCKS

have all these new and finer features

Here are the newest trucks—the latest and the greatest features—the biggest values! Here is Advance-Design that provides the cab that "breathes,"* Flexi-mounted cab, Uniweld all-steel cab construction, fully adjustable seat, all-round visibility with rear-corner windows,* extra-durable frames, specially designed brakes and many other features that put Chevrolet trucks far ahead of the field. See them now—at our showroom!

*Wind air flowing and ventilating system and rear corner windows optional at extra cost.

CHEVROLET and ONLY CHEVROLET IS FIRST!

A PRODUCT OF CHEVROLET GENERAL MOTORS

Edmonton Motors Ltd. - 10041-102 St.

North Branch—97th Street and 111th Avenue.

South Branch—109th Street and 85th Avenue.

West Branch—115th Street and Jasper Avenue.

NEW CHEVROLET 4-SPEED SYNCHRO-MESH TRUCK TRANSMISSION

Entirely new, Chevrolet-developed Synchro-Mesh transmission assures truck users of unparalleled new ease and efficiency in truck operation!

NEW CHEVROLET ADVANCE-DESIGN GEARSHIFT CONTROL

Unrivaled new convenience and ease of operation in advance-design models with 3-speed transmission. Gearshift is mounted on the steering column to provide new efficiency on every hauling job!

NEW FOOT-OPERATED PARKING BRAKE

Here's a revolutionary new feature of advance-design models. The new Chevrolet foot-operated parking brake provides safer, more efficient braking, plus new, clear, floor area! Standard on half and three-quarter ton models.

NEW IMPROVED CHEVROLET VALVE-IN-HEAD ENGINE

The world's most economical engine for its size—Chevrolet's power-packed valve-in-head engine is now even finer, with vital new features that assure greater durability and operating efficiency!

NEW ADVANCE-DESIGN PANEL MODELS

Feature all-welded, all-steel doors with enlarged, curved-glass windows for better vision and appearance. Improved sealing prevents entrance of water. Rear door lock is improved. Door stops permit full opening for use at loading docks, and half opening for delivery operation.

"WHY SIGH? SEZ I!"

"There he was—as full of trouble as a Soap opera. 'Shake the gloom' I sez. A world that's got 'Gold Seal' Salmon in it looks good to me."

"'Least that's the way I was feeling just then— all agog to get going on that salmon. Sockeye it is— color, deep red, flavor, rich and sexy. Oh! boy! I'll often be eating my grocer for 'Gold Seal' Salmon!"

*GOLD SEAL Fancy Sockeye; deep red color; finest salmon for every use.

*RED SEAL Fancy Coho Sal; deep red color; ideal for fish lovers.

*PINK SEAL Fancy Pink Salmon; lighter in color; ideal for fish lovers.

Western Canada Pays Says Sask. Premier

REGINA, April 15.—(CP)—Premier Douglas of Saskatchewan said Wednesday night that Western Canada, with one-quarter of the country's population, would be forced to pay two-thirds of the additional \$70,000,000 a year the railways would receive from the 21-per cent increase in railway freight rates.

That situation could lead only to "feelings of discontent and dissatisfaction," he said in an address broadcast for delivery over a provincial CBC network.

Experience had shown that freight rate increases became per-

nament in the west and in the Maritime provinces where they have no serious competition," he said.

WEST PAYS THE BILLS

"Thus the railways have been barely breaking even where they are faced with competition and making the money in the west and in the Maritime provinces where they have no serious competition," he said.

"We can understand why the people of Ontario and Quebec have raised no objection to the 21-per cent increase . . . They know that we are going to pay the piper and the railways are going to call the tune . . . The time has come for all occupations and shades of opinion to stand together against what is a serious menace to our western economy."

Royalty's Visit To Be Extensive

CANBERRA, April 15.—(Reuters)—Prime Minister Chifley announced Wednesday that the King and Queen with Princess Margaret will spend 71 days in Australia on their tour next year.

Italo Vote Drive Enters Last Lap

Communists Are Apparently Losing Ground in Campaign

By Frank O'Brien

ROME, April 15.—(AP)—Italy's bitter election campaign entered its last phase Thursday with the Communists apparently still losing ground. The government mounted guard for any last-minute leftist maneuver in the country's "red north."

BRIDES ASKED TO LOVE—VOTE

SAN FRANCISCO, April 15.—(AP)—San Francisco brides are being asked to love, honor, obey—and register for the primaries.

Judges decided yesterday to add the registration tag to a customary gold wishes extended brides after city hall ceremonies.

With a change in name, she must re-register to vote in the June 1 primary.

Prog.-Cons. Expect 1,000 At Meeting

OTTAWA, April 15.—(CP)—Nearly 1,000 delegates are expected at the Progressive Conservative annual meeting next week, party headquarters announced today.

The three-day meeting, beginning Monday with executive sessions in the morning and a general meeting in the afternoon. High point is slated for Tuesday when the Progressive Conservative leader, John Bracken, is scheduled to address the party's annual dinner.

Cabinet Member Is Appointed

CHARLOTTETOWN, April 15.—(CP)—It is a Liberal assemblyman for the second district of King's has been appointed a member without portfolio in the cabinet of Premier J. Walter Jones, the premier announced Wednesday night.

Mr. Jones succeeds Hon. William Hughes who resigned from the government.

FLIN FLON IS HOME OF ONE-EYED FISH

FLIN FLON, Man., April 15.—(CP)—The site of reported discoveries of diamonds and uranium, Flin Flon now claims to be the home of one-eyed fish.

Wilfred Bernier said that one-eyed suckers were found in the Wildwest Lake area of Saskatchewan. Unable to believe the story of an Indian fisherman who claimed he discovered the fish, Mr. Bernier accompanied the fisherman to the lake and claimed he found suckers with one eye located in a normal position on one side of the head.

On the other side, he said, there either was smooth skin or a small slit where the eye should have been. Other species of fish examined in the lake had both eyes intact.

BRITAIN'S HEADACHES ON HOUSING FRONT

LONDON, April 15.—(CP)—Headaches on the housing front in home-starved Britain:

In Margate, Kent, James Younger, 50, told a rent tribunal of sleeping five in a double bed—he, his wife and seven-month-old baby at one end and two young sons at the other. The tribunal slashed Younger's weekly rent from £2 (8s) to 13s (5s).

In Ivers, Buckinghamshire, lodger D. W. Stull complained of a roomer who slept in the hall outside Stull's quarters. "At night when he goes to 'bed' you can hear his copper rattles as he takes them out of his pocket." Stull told the tribunal which awarded a 13s-a-week in the £2 weekly rent.

And in London, a judge asked to decide who should get a certain home—an old-age pensioner and his wife or newly-weds who had been forced to live apart.

The judge, who is 72, chose the young couple, saying "the country belongs to the young."

No Official Basis Seen Rate Subsidy Idea

OTTAWA, April 15.—(CP)—Well-Informed Liberals said today there was no official basis for suggestions that the government might ease the impact of higher freight through subsidies.

Such a step was suggested in the Commons during the current freight-rate debate by R. H. Winter (L., Queens-Lancaster), who said subsidies could be used to "cushion" the blow of rate increases in hard-hit areas such as the Maritimes.

But while Mr. Winter is just a notch below cabinet rank as parliamentary assistant to Revenue Minister McCann, it was learned he was making the proposal on his own initiative and without any cabinet backing that something of the kind was in the wind.

Liberal members who attended Tuesday's caucus of the party said they had received an understanding the government would consider "concessions" in connection with the higher rates but nothing specific was mentioned. These members took "concessions" to mean:

1. Some action to hasten the forthcoming general freight-rate inquiry aimed at rate "equalization" in different areas.

2. Specific authority to the Board of Transport Commissioners—

A DIRTY TRICK ON THE DOGS

LOS ANGELES, April 15.—(AP)—Things like this shouldn't happen to a dog:

A rubber company has perfected a perfume that makes a rubber hose smell like a dog. Dogs will be dissuaded to learn that the hose tastes like rubber. But the odor, Abbie,

powering it to remove rate inequalities such as the West's mountain differential.

In the Commons later, Transport Minister Cheverton indicated steps were in progress.

It was considered likely that if the government were embarking on a subsidy policy, it would have placed it before the caucus. Some members were in a rebellious mood and the administration was seen as far as it felt it could to keep them from kicking over the traces in this week's non-confidence vote in the Commons.

Ontario Govt. Intends To Help Race Tracks

TORONTO, April 15.—(CP)—Ontario has decided to extend assistance to race tracks that they can continue to operate, Provincial Treasurer Frost told the legislature yesterday.

He forecast government action while enacting a bill which would amend the Race Tracks Act. The bill, approved in committee, gives the province authority to change the provincial tax on race tracks at any time during the year. At present the tax may be changed only at the beginning of the fiscal year.

SUBSTANTIAL LOSSES

Race tracks lost substantial amounts under current operation, Frost said. Breeders and owners of horses could not have operated last year without the income tax exemption. The tracks lost \$1,200,000 for the year and meant that all tracks except Fort Erie wound up with a deficit.

Another cause of the track deficit was the higher cost of upkeep and operation, Mr. Frost said.

He did not say exactly how the province plans to aid the tracks although over provisions of this bill the province could do it by reducing the amount of provincial tax.

At present the province takes 10 per cent while the Dominion gets five per cent. The track takes from two per cent to seven per cent of the money bet. This take is not enough for them to operate, Mr. Frost said.

If present conditions continue it CCL.

Steelworkers Get New Wage Contract

SYDNEY, N.S., April 15.—(CP)—A new wage contract providing for a 10 per cent increase in 1948 was concluded yesterday by Dominion Steel and Coal Corporation and the Sydney local of the United Steelworkers of America (CIO).

Serving You is his career

WHEN you register at a

Canadian Pacific hotel, you're sure to meet

a bellboy. You'll notice his smart appearance

... his courteous efficiency as he carries your luggage

and escorts you to your room.

He'll adjust the lights and windows the way you like them . . . or perform any other little duties

you may require. Throughout your stay, you will find him always on the spot with speedy, cheerful

attention to your needs. Serving you is his career . . . and it is also a tradition among the many

thousands of employees in Canadian Pacific's

world-wide travel system.

BRIDGE

How McCampbell Pitch Count Works

By William E. McKenney
Bridge moves in cycles. Twenty years ago my column carried nothing but auction. Looking back through the columns I find that I advocated the Bryant McCampbell pitch count made popular at that time by Milton C. Wake and H. A. Richards.
This pitch count has been used by some bridge players for the past 20 years. A few years ago Charles G. Wake interpreted it in a book he wrote, without making any claim of originality. Now it is interesting to find some local authorities claiming to be originators of something that was in use before they played bridge.
The McCampbell count is as follows:
Ace 4 points
King 3 points
Queen 2 points
Jack 1 point
Two tens count as a Jack.
Most modern experts agree on the following count for an original bid. For one no trump you must have from 16 to 17 points; for an original bid of two no trump you must have 20 to 21 points; for an original bid of three no trump you must have 22 to 23 points. With more than 23 points open either with a two bid or four no trump.
Note that there is a blank spot between the one and two no trump bids. When you have a count of 18 or 21, you must open with a suit bid. For example, you might have a four-card heart suit, in which case you bid a heart. If your partner bids a spade, you information on the point count bid two no trump, which tells your partner that you have an "in-between" hand.
In response to an original one no trump bid your partner raises to two no trump with a count of 8 or 9, or with a count of 10 and a five-card suit. With a count of 10 to 14 raise to three no trump.
A total count of 23 or 24 should produce a small slam, while a total count of 25 or 26 should produce a grand slam.
In our new hand next Thursday we will give you some additional information on the point count bid two no trump, which tells your partner that you have an "in-between" hand.

Vancouver Setter Takes Top Honors

CALGARY, April 15.—(CP)—A Blue Ribbon English setter owned by Mrs. Jean M. Williams of Vancouver Wednesday night swept top honors in the annual Alberta Kennel Club show to win the best-of-the-show and best Canadian-bred dog honors.
Alberta entries trained by Mrs. Williams' champion with Thomas W. Winkler of Vancouver taking second place ribbon with a Golden Retriever and W. Armstrong, Medicine Hat, third with an English Springer Spaniel.

Lethbridge Builders Turn Down Demand

LETHBRIDGE, Alta., April 15.—(CP)—A demand for a wage increase of 25 cents-an-hour for carpenters here was rejected by a meeting of Lethbridge building contractors Tuesday night. The contractors said a further increase in labor costs of construction would result in the cancelling of much building proposed for this year.
Carpenters here have been receiving \$125 an hour since July 1, 1917.

Alberta Butters Production Up

Province of Alberta department of Agriculture reports the production of creamery butter during March shows increase of 10,000 pounds or 17% over March 1947, and for the first three months 330,000 or 17% Alberta is the only province to record an increase for those months and also for the first three months, which indicates the province is doing a good job to help to relieve the butter shortage situation.

Buying for Milling Stimulates Oat Price

WINNIPEG, April 15.—(CP)—Buying for milling interests in connection with export of Canadian oats today gave prices of this commodity an upward slant in the Winnipeg Grain Exchange. Eastern interest also was on the buying side in oats, while offerings remained light. Barley, less actively traded than oats, scored modest gains on the market. Offerings here too were light.

Grains Climb Led by Corn

CHICAGO, April 15.—(AP)—Lack of rain in the wheat belt and small receipts of feed grains kept prices of corn led the advance. Trade in wheat was active. Strength in other markets aided cereals. Wheat was bought by houses in the southwest connections, despite trade reports the commodity credit corporation was not following the price upturn in its buying program.

THE MISSOURI Pacific's new 4500-horsepower Diesel-electric freight locomotive seems big to big people, but to little Stanton Mason it looks like the biggest thing ever. Garbed in engineer's cap, sweat-rag and overalls, the 3-year-old Schenectady, N.Y., lad, inspects the monster in the Schenectady yards. It will run between St. Louis, Mo., Texarkana, Tex., and Ark., and Memphis, Tenn.

Britain Still Remembers Firefighters From Canada

By H. L. Jones

LONDON, April 15.—(CP)—Britons still remember the Canadian Corps of Firefighters—the 250-odd Canadians who sweated it out with them in central and suburban London during the war.

The Canadians were part of the National Fire Services which went to London from all the fire-fighting forces in Britain in 1941 and only recently dissolved. Though they have long since departed for their Canadian homes, their work still is mentioned with pride by fire authorities in the Home Office and the rankers in the brigades with whom they worked.

PAYS CANADA TRIBUTE

Recently at London fire brigades headquarters on the Albert Embankment, more than 300 firefighters from all over Britain gathered for a ceremony at which the NFS was officially dissolved and fire brigade authority handed back to

the various cities, towns, villages and boroughs throughout Britain. Home Secretary E. C. Rieu, attended the ceremony at which demonstrations of London's latest fire-fighting equipment and methods were given. All London fire equipment now is radio-equipped, providing a quick means of communication in event of emergency.

According to law an infant is a person, male or female, under 21 years of age.

E. J. Smyther, Director of Sales, General Motors Products of Canada, Limited, has announced the appointment of L. J. Patterson as Manager of GM's Western Zone and of E. C. Jamieson as Assistant Manager. Mr. Patterson was previously Assistant Zone Manager and Mr. Jamieson was Cadillac Sales Representative. Mr. Patterson and Mr. Jamieson will make their headquarters in Regina.

Russian Aircraft "Violate" Alaska

Both Soviet, American Planes Cross Into Other's Territory

KETCHIKAN, Alaska, April 15.—(AP)—Publisher William L. Baker, writing for the Ketchikan Chronicle after a three-week tour of Alaska, said Thursday that Rep. Margaret C. Smith (R-Me.) is "correct" in saying that Russian planes "have violated Alaskan skies."

The article added, however, that both American and Russian planes have crossed the border into each other's territory over a period of several months.

(Mrs. Smith, a member of the house armed services committee, said in Waterville, Me., Tuesday that "... The people have not been told that the Russian press and radio speak of Alaska as a part of Russia, and that jet planes have violated Alaskan skies."

(Air force headquarters officers in Washington, D.C., and Maj. Gen. Joseph A. Kinnaman, commander of U.S. air forces in Alaska, both said they had received no reports of Russian activity over Alaska.)

MYSTERY SUBMARINE

The publisher said also that a "mystery submarine," first reported seen in Kiska harbor by an American pilot over two weeks ago, lingered in Aleutian island waters for about 10 days.

The article stated that the navy had a fix on the submarine by radar several times and that word from Washington as to what action to take.

Several thousand personnel at Alaskan bases were put on the alert and all leaves were cancelled. Men of sea-going craft, Baker said, were ordered to remain on duty.

NAD 'SOVIET SHELL'

The Chronicle said it had reported a B-29 which crashed north of Nome two days after Christmas "had a Soviet shell in her belly" and that the air force forbade bush pilots from assisting in search for the craft for several days because of new photographic equipment and "probably exposed plates" that she carried.

Baker said that Alaskan bases were on the alert several times in the winter.

LORD'S DAY ACT PECULIARITIES

Coast Showdown Looms On Sunday Blue Laws

By ED ROMEINE

VANCOUVER, April 15.—(CP)—A showdown appears likely here on interpretations of the Lord's Day Act—a federal statute often referred to as "Sunday blue laws."

City Counselor E. McTaggart last week ruled that under the act all paid Sunday entertainment, including concerts, is illegal. Police were advised to enforce the law.

The ruling provoked a charge from Peter Turner, secretary of new veterans branch 168 of the Canadian Legion, that the act is "so outdated it remains only to annoy, restrict and discriminate against liberty-loving Canadians."

The branch had been staging Sunday evening concerts. Mr. Turner announced it would ignore the police order.

Recently Harold Winch, CCF leader of the opposition in the British Columbia Legislature, sought relaxation of the law to permit Sunday concerts and sports by non-commercial organizations.

(The attorney-general of each province is responsible for the administration of the federal statute.)

The Legion official said "the attorney-general... will hesitate to prosecute." The object of our concern is to raise funds to maintain aid to distressed veterans and their families," he said. "Proceeds of these shows are a direct contribution to public welfare in Vancouver."

The act was "ridiculously outdated—some provisions dating back 325 years. Punishment provided in the act includes a three-hour sentence in public stocks for breach of any of these "forbidden" activities."

Running a three-legged race for prizes; hiring a bicyclist, pedicab to feed beer; building a fence engaging in ball-playing or attending any public game or "interludes."

"Culpable," however, could escape the stocks by paying a fine of \$25.

First example of this was the freighter Martha Kleppe, which arrived here yesterday from St. Mary with cargo consigned to Hamilton, Ont.

When about 1,000 tons had been discharged, the consignees changed their instructions and ordered the ship to New York. From there the goods would be sent to a Great Lakes port.

Premier MacDonald said he would include this development in a brief Maritime premier will present to the Federal government asking an appeal from the 21 per cent increase.

Tito Govt. Extends "Off Limits" Area

BELGRADE, Yugoslavia, April 15.—(AP)—Marshall Tito's government informed foreign missions here yesterday that the "off limits" area along the Yugoslav-Greek border has been widened to nearly 100 kilometers (62 miles). There is usually a 15-kilometer (nine mile) forbidden area along the entire Yugoslav frontier. No reason was given for the extension.

Listing Planned Of All Communists

WASHINGTON, April 15.—(AP)—A plan to require registration with the government of the Communist party and all its members Wednesday was passed by the house of representative committee on un-American activities.

Rep. Karl Mundt (Rep. S.D.) told reporters the committee agreed unanimously to amend a bill designed to curb Communists by including the party registration provision.

Previously, the bill provided only for registration of Communist front organizations.

IT'S TOO MUCH OF GOOD THING SO COPS CALLED

HAMILTON, Ont., April 15.—(CP)—Mrs. George Kerman thinks this April fool's business can be overdone. On April 1 a van of lumber she knew nothing about was delivered to her door, then came a large order from a grocery store and two from drug stores. She returned them, explaining there must have been a mistake.

Last Sunday, seven taxis arrived at the Kerman home, then an ambulance. Four unannounced moving vans came the next day.

Tuesday the procession continued. Another ambulance came and three laundry trucks. That was enough. Mrs. Kerman called the cops.

Body Unidentified In Railway Wreck

KREMLIN, Okla., April 15.—(AP)—A name still is lacking for one of the two bodies found last night in the wreck of the derailed Rock Island steamliner "Texas Rocket."

One other passenger, Mrs. Earl McClintock, 35, Wichita, Kas., was killed in the blain crash yesterday when a sand-laden dump truck knocked three speeding coaches off the tracks.

The other victim's body was reduced to a torso in the flames, making direct identification impossible. Authorities said, however, that the victim was a man.

Three other passengers are in critical condition and 36 more, including the truck driver, suffered lesser hurts. Twenty-three still are in hospital.

The silver-colored rocket—a diesel locomotive and fire cars—was running 15 minutes late from Kansas City to Dallas.

Pickets Charge Stock Exchange

NEW YORK, April 15.—(AP)—Fighting broke out late Wednesday in front of the New York Stock Exchange, where employees are on strike, after seven men tried to reach the Wall Street entrance to the building. Police said the seven charged the stock exchange officers, which is being picketed. Officers wielded their clubs before four were arrested. Three escaped.

Family Allowance Fraud Draws Fines

ST. CATHARINES, Ont., April 15.—(CP)—Mr. and Mrs. Joseph Frenette were fined a total of \$750 in court here Wednesday for making false statements in filling out family allowance applications and defrauding the government of \$300.

It was charged the couple filed applications for seven children when five of them had died at birth and the seventh was adopted.

Jews, Arabs Study Palestine Truce Plan

By Norman Altshuler

LAKE SUCCESS, April 15.—(CP)—A United Nations truce plan was studied today by the warring Jews and Arabs of Palestine.

Security council delegates, reported to be in virtual agreement on most of the plan's provisions, vote on it today at Lake Success.

There was no immediate comment from representatives here of the Jewish agency and the Arab higher committee which previously failed to agree on a truce.

Meanwhile, the Palestine Partition Commission appeared ready to continue its assignment of dividing the Holy Land into Jewish and Arab states despite the fact that a special assembly open Friday to reconsider the problem. The special session was urged by the United States following its withdrawal of support of partition, voted last Nov. 29 by the UN General Assembly.

PLAN SUGGESTIONS

Resides urging a halt on all acts of violence, terrorism and sabotage, the truce plan brought to Jews and Arabs to:

1. Retrain from appealing to Palestine armed bands or individuals capable of bearing arms. Thus all Jewish immigration except women and children would be blocked and infiltration of Arab force neighboring countries halted.

2. Halt importation of all weapons and war materials.

3. Stop all political activity pending the special session's decision. This would stop Jewish moves, already well advanced, to effect partition. It would also prevent the Arabs from implementing their plan for a single state.
